Individualizing the Treatment of Overactive Bladder

Wednesday, 7 December 2016 • 20:00–21:30 Hong Kong (UTC/GMT + 8 hours)

Dear Doctor,

We are honored to invite you to attend a live webcast on 'Individualizing the Treatment of Overactive Bladder'. This 1.5-hour session will include an in-depth review of the European Association of Urology 2016 guidelines on the treatment of urinary incontinence in adults, as well as present a number of challenging overactive bladder (OAB) patient cases.

Agenda

- 20:00–20:50 Individualizing the treatment of OAB
- 20:50–21:10 Managing challenging OAB cases
- 21:10–21:30 Q&A

We are privileged to share the expertise of Professor Paul Abrams, who is considered one of the world's leading experts in the field of lower urinary tract dysfunction. He is Professor of Urology at the University of Bristol, UK and the current Chair of the International Consultation on Urological Diseases. He has published over 300 peer-reviewed articles and served as General Secretary of the International Continence Society from 1985 to 2003.
